Read the following passage and then answer the questions below:

Ben has nice friends and we usually let him go out whenever he asks, but the other night, Ben stayed out until 11 p.m without telling us. So, we stopped him from going out for two weeks. Now he is usually angry. He often shouts at us and doesn't do his homework. My husband and I became very worried about Ben's behavior and we explained it by the death of his uncle. When Ben was seven, he loved his uncle too much and he used to be with him. So, when his uncle died, Ben became very sad. Nicholas isn't as bad as Ben, but his bedroom is always untidy and we often quarrel with him about it. He never makes his own bed and expects me to do it for him. So we decided to punish him. No TV for the whole week. But it didn't work.

Reading Comprehension

Read the following passage then answer the questions below:

The word " sport " first meant something that people did in their free time . Later it often meant hunting wild animals and birds . About a hundred years ago or more , the word was used for organised games .This is the usual meaning of the word today . People spend a lot of their spare time playing football, basketball, tennis and many other sports. A few people are paid for sports they do. These people are called professional sportsmen. They maybe sportsmen for only a few years, but during that, the best ones can earn a lot of money .For example, a professional footballer in most countries can make a wealth in a year . The stars earn a lot more. Of course, only a few sportsmen can earn as much money as that .

Perhaps the most surprising thing about sportsmen and money is that some of them earn more money from advertising than from sport . An advertisement for sports equipment doesn't simply say : " Buy our things ", but it says : " Buy the same shirt and shoes as" Famous sportsmen can even advertise things like watches and food . They allow companies to use their money or photographs and they are paid for this . Sport now is no longer just something for people's spare time.
