' An Astronaut's Life in Space'

## VI. Reading Comprehension (20Marks)

Read the following passage then answer the questions below: (197 words)

20

The doctor is a person who looks after the sick people. He gives them medicine to help them **recover** and improve fast. In order to become a doctor, a person has to study medicine for six years. Doctors' work is not easy. Besides, their life is very busy. They go to work in the early morning. They work without taking a break. They have to work day and night and move from a clinic to another. The long hours, stressful work and years of studying of doctors might be hard. However, being a doctor comes with a lot of advantages like a high salary and a good social position.

Successful doctors are patient and kind. **They** usually ask their patients smart questions when they visit them. In this way, they are able to know their problems. Thus, doctors can help sick people get well very soon. Successful doctors are also good listeners. They never get angry. They usually smile. When their patients' health gets better, they feel very happy. Moreover, they forget the long hours of hard work without sleeping. Doctors actually get to make a difference in the world .That's why successful doctors are great ones.

A) From a, b, c and d choose the correct answer: (4x2½=10)
